

Albatross Pools have been SPASAVIC members for close to 50 years. The entire SPASAVIC team and it's Board of Directors - who are always available to discuss ideas, suggestions or concerns - have always acted in the best interests of members and fought to protect and ensure our industry's sustainability and future growth. From educational programs and industry events, to effective on-going marketing strategies and lobbying of government in the best interest of our businesses, we are grateful for the support offered by SPASAVIC and would highly recommend being a SPASAVIC member.

Peita Otterbach, Albatross Pools
