

Throughout our 30 years of working in the pool business, SPASAVIC has always been there when we have needed them. During recent times, they lobbied ministers to keep our industry alive. The daily updates meant we didn't have to search multiple websites to keep up-to-date. We are very grateful for that and we felt they had our back. SPASAVIC have moved with the times and always done the right thing by members. They have always been there with the right advice and are well connected in the industry.

Claire, Coastal Pools and Spas
