

I've been involved with SPASAVIC for four decades. SPASAVIC's most successful times have been as an independent entity that has its interests 100% focused on the Victorian Pool and Spa industry. As SPASAVIC members, we all run our day-to-day businesses successfully without interference from our industry association, but when matters of urgency confront us, that's when we look to SPASAVIC for guidance and protection. There are numerous other organisations that members could potentially align with for cheaper membership, but like insurance on your car, house or business, cheap never comes to the rescue or offers support when it's needed. SPASAVIC is our Association – that we all own. It is a valuable asset."

John D'Arcy, Award Pools and Spas
